Carnivorous sunflowers with razor teeth.
A river so turbulent no one's ever been
known to survive the crossing. Dougray,
Robbie and Belle hurtle into danger,
pursued by unstoppable black wolves.
The city of the healers offers warmth and
welcome, and a respite from the ravages of
the untaming.

Or does it?

As Dougray and Robbie discover their
parents may still be alive, they also uncover
a dark truth about the healing sanctuary.
Their headlong flight underground sends
them ever deeper into adventure...

Greenheart of the Forest is the second
volume in Lizbeth Klein's Bethloria
fantasy series which began with the award-
winning *Firelight of Heaven*.
